SCHOOL CALENDAR

The school calendar shall accommodate the education program of the school district. The school calendar shall accommodate instruction for a minimum of 1,080 hours for students in grades nine through twelve, 1,032 hours for students in grades one through eight, 400 hours for students in kindergarten, and a minimum of 450 hours or less than 12 hours per week for preschool. The school calendar shall include, but need not be limited to, days for student instruction, staff development, in-service days and teacher conferences.

The board, in its discretion, may excuse graduating seniors from up to five days of instruction after the school district requirements for graduation have been met. The board may also excuse graduating seniors from making up days missed due to inclement weather if the student has met the school district's graduation requirements.

It shall be the responsibility of the superintendent to develop the school calendar for recommendation, approval, and adoption by the board annually.

The board may amend the official school calendar when the board considers the change to be in the best interests of the school district's education program.
